CREATIVE DESIGN GUIDELINES & SIMPLIFIED SIZES

OUTFRONT Media is proud to offer a large and diverse out-of-home digital portfolio. This portfolio contains a lot of boards, each with different design specifications. You can build creative for any/each of the individual sizes (see next pages), but for large/impression based campaigns designers can build creative using our simplified sizes. These select sizes optimize our boards into size ratios which cover each and every location in our inventory! Supply these simplified sizes, and we'll do the rest.

- Please build creative at 'File Size', and provide 3-5 working days in advance of posting date.
- Finished files should be sent to your account supervisor, cc your client service coordinator.
- Files should be "camera ready" with no proofing, trim marks or extra information visible. Avoid large areas of white or bright red. White tends to display unevenly and is too bright at night; red can cause LED bleeding.

Thank you for choosing OUTFRONT and we look forward to seeing your ad on the street!
